

WHEN FIRST IMPRESSIONS COUNT...

Example, but can be customised to suit your business.

FOR A LIMITED TIME WE'RE OFFERING A FREE PERSONALISED, PROFESSIONALLY RECORDED, BUSINESS GREETING VOICE OVER MESSAGE, RECORDED USING YOUR COMPANY NAME

“Thank you for calling <your company name>. If you know your party's extension, you may enter it at any time. Or, please choose from the following options: ”

“For our sales department, press one.”

“For our service department, press two.”

“For our accounts department, press three.”

“For all other matters, please press zero.”

WHAT ARE THE BENEFITS OF AN AUTO-ATTENDANT?

Introducing an auto-attendant telephone system to your organisation has the following benefits:

- You can manage all your business calls in an efficient manner
- There's no costly equipment required
- It eliminates any possibility of missed calls
- Project a thoroughly professional business image
- You can use your current number or choose a new number from our range of thousands, including 0800 numbers
- Present callers with a set of options; such as dial by name, dial by extension and more
- Welcome callers with customisable messages based on business hours, non-business hours, weekdays and holidays
- Handle numerous calls at once and efficiently transfer calls without callers hearing conventional busy tones
